

The original

Versatile Multi-purpose Manual Sealant Applicators For Professionals

For medium to high viscosity material.

This range of manual applicators caters for all the needs of the professional, whether using cartridge, sachet or bulk material.

Powerflow™

- **Fast, easy loading**
- **Unmatched versatility: cartridge, sachet or bulk**
- **Power for smooth flow high viscosity materials**
- **Long working life: far out-lives its imitators**
- **Patented no-loss trigger action for fast, efficient sealant dispensing**
- **Flow Stop Control switch**
- **Day-long comfortable use**
- **Maximum use of sealant: minimum waste**
- **Made in the UK**

COX FOR SEMI-PROFESSIONAL AND PROFESSIONAL USERS

The Cox range of **semi-professional** and **professional** manual applicators has been designed for low to high viscosity materials, where reliability and performance are key factors in the purchase decision.

Quality Design & Construction
For efficiency, versatility and long working life

Powerflow™

FEATURING FLOW STOP CONTROL

Optional non-drip feature

Available for the Powerflow Cartridge and Powerflow Combi, the switchable control provides users with the ability to take pressure off the cartridge when the trigger is released, removing the likelihood of overrun from the nozzle.

Powerflow™ CARTRIDGE

The industry standard applicator for cartridges

- Suitable for 310ml and 400ml cartridges and 150ml co-axial cartridges
- Wear compensating device
- Cartridge cradle support frame
- Strong welded steel epoxy coated frame and zinc coated corrosion resistant sliding components
- 12:1 trigger ratio
- HP version available
- Flow Stop Control switch

310ml 12:1
400ml 18:1

Powerflow™ COMBI

Versatile applicator for cartridges or sachets

- For use with cartridges, sachets or bulk material
- Dispenses 310ml and 400ml cartridges (depending on barrel length)
- Dispenses 310ml, 400ml and 600ml sachets (depending on barrel length)
- 12:1 trigger ratio
- Choice of 4 barrel lengths (229, 267, 299 and 375mm)
- Aluminium barrels standard, transparent optional
- Full range of accessories
- 'T' or hooked rod available

310ml 400ml 12:1
400ml 600ml 18:1

CHOICE OF BARRELS
Aluminium and clear barrels available

POWERFLOW COMBI HP

As above with 18:1 trigger ratio for higher viscosity material (Flow Stop Control not available on 18:1 trigger ratio)

Powerflow™ QUART

For US Quart cartridges

- Dispenses US Quart cartridges
- 12:1 trigger ratio
- Optional 18:1 XT trigger ratio for higher viscosity materials
- Cartridge cradle support frame

310ml 12:1
400ml 18:1
US QUART

Powerflow™ 1000L

Power for long litre cartridges

- Dispenses long (324mm x 71mm) 1 litre cartridges
- 12:1 trigger ratio
- Optional 18:1 HP trigger ratio for higher viscosity materials

1L 12:1
(324mm) 18:1

Powerflow™ 1000S

Power for short litre cartridges

- Dispenses short (240mm x 91mm) 1 litre cartridges
- 12:1 trigger ratio
- Optional 18:1 HP trigger ratio for higher viscosity materials

1L 12:1
(240mm) 18:1

Powerflow™ BULK

WHEEL SET
Optional wheel set available
for ease of use with the
Powerflow Bulk

Ultra-large volume applicator

- Designed for low viscosity (pouring grade) bulk materials
- 3 standard capacities 2, 3, and 4 litre
- Suitable for use with sachets
- 12:1 trigger ratio
- Quick release aluminium end caps
- Carrying handle, wheel assembly and other accessories available

2L 12:1
3L
4L

**POWERFLOW HAS A WIDE RANGE
OF NOZZLES FOR EVERY USE**
